BOYS & GIRLS CLUBS
OF MISSOULA COUNTY

2024 IMPACT REPORT

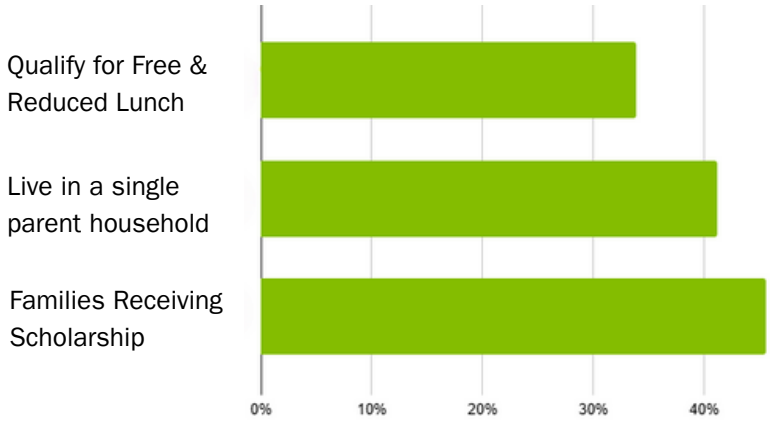
Our Vision

Kids Thriving, Communities Flourishing

Our Mission

Through meaningful connections, we ignite curiosity and unlock opportunities - empowering every child with the confidence and tools to shape their future and strengthen their community.

Our Kids



Parents Say...

"BGCM has been great for my son after school! He interacts in all the activities and arts they do. They recognize what works for your kiddo to help them succeed in the program after school. Plus their summer camps are always fun, going to the lake and doing lots of outdoor activities to keep the kids busy outdoors! Thankful our school has boys and girls club."

"Boys & Girls Club of Missoula County has been absolutely heaven-sent. They actually interact with the kids and care enough to get to know them and their needs. I couldn't ask for a better after school program. Every single staff member I've had the pleasure of meeting has been kind and communicative."

"Boys & Girls Club of Missoula County has been such a fun and positive experience for my little guy! It's his first year in school and club has helped him blossom and make a bunch of friends. I'm so grateful for a program that takes such good care of the kids and has so much fun doing it!!"

99% of parents surveyed say our staff are actively engaged with their children.
